

ADHESIVE PRODUCT SPECIFICATION

GIA1016B

DESCRIPTION:

GIA1016B is a resin based adhesive with good adhesion to a wide variety of substrates. GIA1016B combines easy clean up with excellent high-speed machinability.

USES:

Formulated for adhesion to a wide variety of substrates.

FEATURES:

- Excellent high-speed machinability
- Good adhesion to a wide variety of substrates
- Easy clean-up with warm water
- FDA Status: Meets composition requirements of indirect food additives: Regulation 21 CFR 175.105 ADHESIVES

PHYSICAL PROPERTIES:

Viscosity (cps):	2000 @ 75°F
Solids (%):	53.0
Density (lbs/gal):	9.0
pH:	5.0
Type:	Modified synthetic resin
Color:	White, clear when dry

PACKAGE SIZE:

45 lbs pail	450 lbs drum
2,400 lbs tote	Weights may vary

LIMITATIONS:

Shelf life: Three (3) months. Keep container covered when not in use. Rotate stock.

Our personnel are available to help purchasers obtain best results from our products and recommendations are based on tests and information believed to be reliable. However, since we have no control over the conditions under which our products are transported to, stored, handled, or used by purchasers, all recommendations and sales are made on condition that we will not be held liable for any damages resulting from their use. No representative of ours has any authority to waive or change this provision.
